With the development of the Internet, studying online is becoming more and more popular among the students.

Studying online is really an easy job. All we need to do is to sit in front of the computer and click the mouse. It helps us save lots of time. And there are many kinds of lessons given by experienced teachers for us to choose from.

However, there's another side of studying online. For example, if we spend too much time studying online, it will do harm to our eyes. What's worse, some students may play computer games instead of studying online.

In conclusion, as long as we make good use of the Internet, it can improve our studies a lot.
